We have a lot of services and always try to help with words and deeds!

One of our services is **bike rental**. It is addressed to foreign students who stay in Osnabrück and don't want to miss a bike. Below you will find some brief informations:

- The maximum period of rental is one semester (six months). No matter how long you rent the bike, you have to pay for a check up afterwards.

- We only rent one bike per student. It is necessary to ask for a bike rental early enough, because there are no bikes stored.

- The bike needs to be handled carefully. As a matter of principle the leaser (or his insurance) is responsible for maintenance and repairs over the period of rental as well as for theft protection. The students' union executive committee (AstA) does not offer any insurances.

For further information send a mail to astaoeko@uos.de
