### Frequently Asked Questions

**1. Is it also possible to rent a bike for short periods of time?**

A: The maximum period of rental is one semester (six month). No matter how long you rent the bike, you have to pay for a check up.

**2. Is it possible to rent more than one bike?**

A: We only rent one bike per student. It is necessary to agree bike rental early enough, because there are no bikes stored.

**3. I am not a student of University of Osnabrück. Can I rent a bike?**

A: Bike rental is only designated for students of the University of Osnabrück. If you have a Student Identity Card of the University of Osnabrück, it is possible to rent a bike.

**4. Who is liable for defects and thievery?**

A: The bike needs to be handled carefully. As a matter of principle the leaser (or his insurance) is responsible for maintenance and repairs over the period of rental as well as for theft protection. The students`union executive committee (AstA) does not offer any insurances.

**5. Can I rent a helmet as well?**

A: The one and only accessory we have is a bike lock.
